

The Governance Council met for the first time on Monday, September 18. We discussed the Director's proposed reorganization and will continue to study the matter for the next several weeks before making a recommendation. Please funnel your written comments and ideas directly to the person on the council who represents you. Attached is the director's proposed reorganization chart.

I encourage all of you to bring any governance matter to your representative. We want everyone to have a voice in college affairs.

- Viola Harrison or Dan Mielke for faculty
- Gail Johnston for adjunct faculty
- Mary Howard for professional staff
- Andrea Laughlin-Gaiser for classified staff

Will Miles Ph.D.
Behavioral Sciences
